Roots of Medicinal Plants

Arrangements with several very reliable growers permit us to offer now a very high grade of medicinal roots of the most desirable kinds at attractive prices. These prices are not subject to any discount. We solicit correspondence regarding prices for large quantities or for kinds not here listed.

GOLDENSEAL (*Hydrastis canadensis*).

The demand for roots of this plant, while increasing enormously, seems still in its infancy. Properly treated these plants will yield a remarkably profitable return.

	10 Roots	100 Roots	500 Roots	1,000 Roots
1 year old.....	\$.75	\$2.50	\$10.00	\$16.00
2 year old.....	1.00	3.50	15.00	22.50

SEED OF GOLDENSEAL can only be supplied soon after ripening in June. We book advance orders, subject to outcome of crop, and fill them in rotation. 10 pods for 50c, 100 pods for \$3.50, 1 pint of pods for \$5.00, 1 quart for \$8.50. (One "pod" contains between five and twenty-five seeds).

GINSENG (*Panax quinquefolium*).

Ginseng roots have commanded a profitable price for a good many years. Their cultivation is easy under favorable conditions.

	10 Roots	100 Roots	500 Roots	1,000 Roots
1 year old.....	\$.50	\$2.00	\$ 8.00	\$13.50

3 year old.....	1.00	5.00	18.00	27.50

SEED OF GINSENG: 500 seeds for \$1.50; 1,000 seeds for \$2.50; half pound seed for \$3.00; one pound for \$5.50.
